FOUNDHER ELITE

AI BUSINESS EXECUTION & OPERATIONS

Business projects organized. Systems implemented. Deliverables completed.

Ana Vasquez, M.Ed. | AI Powered Business Operations & Project Management Consultant

COMPANY OVERVIEW

THE FOUNDHER ELITE LLC is an AI business execution and operations practice led by its founder, Ana Vasquez, M.Ed. The practice helps business owners and organizations structure projects, clean up administrative processes, and implement practical AI enabled systems. Every engagement is directed by Ana personally. AI tools work under her direction, and every deliverable is reviewed by her before it reaches the client. The former course reseller offering is not part of this service catalog.

CORE CAPABILITIES

- AI workflow assessment, design, implementation coordination, and testing
- Business operations setup, process mapping, standard operating procedures, and task management
- Project coordination with milestones, status reporting, and documented handoffs
- CRM, spreadsheet, digital records, and document organization
- Website transition and digital project coordination
- Research, operational reporting, and quality assurance workflows

REPRESENTATIVE EXECUTION EXPERIENCE

- Directed the migration of four business websites from Lovable to Vercel, covering requirements, release decisions, custom domain cutover, and post launch verification
- Built and operates a CRM and back office system tracking documents, contacts, tasks, and events across multiple businesses
- Coordinated customer journey review, intake design, and payment testing in a test environment, through retesting and acceptance
